Who are Clowns Without Borders?

Clowns Without Borders Sweden is a Swedish non-profit organization, working to spread joy, hope and laughter among children in vulnerable situations all over the world. We believe that every child has the right to a happy and playful childhood.

Why do Clowns Without Borders wish to interview, film, or photograph me?

We want to inform people about our work, so they understand the importance of playful activities for children. We also want to spread awareness about various different crises situations around the world in order to encourage people to become engaged in human rights. We use photography, films, quotes, and other communications material to do so. This material can be used by us, our partners, and media, but will never be sold to commercial companies.

When you sign this form, you are telling us that you are permitting us to gather material from you, save it, and use it. And if you choose to sign the form, you will always have the right to change your mind in the future.

If you do not wish to sign the form we will not take any photos and films of you or use any other material we have gathered about you

Having said this, you can still participate in Clowns Without Borders activities even if you do not wish to be photographed, filmed, interviewed etc.
